

*“The Ultimate in Accessories”*

## Canopy Accessories and Options

Caravan Canopy offers a full line of top quality accessories to enhance the functionality and versatility of your canopy. Whether it's a side wall, roller bag or sky flag, Caravan has the most complete variety of accessories anywhere to complement your instant canopy. As a factory-direct manufacturer of instant canopies and gazebos, our engineering, materials and construction are second to none and backed by our superior warranty.

Choose from our large selection of accessories to add to your Caravan Canopy. Caravan is the one-stop shopping solution for all of your canopy needs. For further questions, comments or requests, contact our sales department at 877-922-6679 or 310-223-4467 [www.caravancanopy.com](http://www.caravancanopy.com).

### Side Walls

Made of 100% polyester or polyethylene fabric offering more protection and privacy. All sidewalls are fire and water retardant that meet safety standards. These easily attach with velcro® fasteners as well as zippers on the edges allowing walls to zip side walls together. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Front Zipper Side Walls

Middle zipper sidewalls offer easy access to a fully enclosed canopy. Made of 100% polyester or polyethylene fabric with a vertical middle zipper, this combination is perfect for anytime you need maximum enclosure yet easy access to your canopy. All middle zipper sidewalls are fire and water retardant that meet safety standards. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Mesh Walls / Food Walls

Complete enclosure with full-length screen mesh material allows for air-flow and ventilation as well as protection from insects. A mesh wall with windows is a complete kit that is perfect for food vendors. It includes pass-through windows for easy entry and exit as well as zippers on the edges allowing walls to zip together.

### Panorama Walls

Complete enclosure with durable polyester lower fabric and clear plastic upper panels allowing for open viewing and protection from insects and other outdoors elements. Walls are fire and water retardant that meet safety standards. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Side Rails

Convert your canopy into an attractive exhibit booth. Side Rail fabric is made of 100% polyester and includes hardware that attaches to the legs of your canopy. All side rails are fire and water retardant that meet safety standards. These easily attach with velcro® fasteners for complete privacy. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Reversible Top

Fits all 10' x 10' frames and is made of 100% 500 denier polyester fabric offering more protection and versatility. All reversible tops are fire and water resistant that meet safety standards. The reversible top can be used for multiple uses in any outdoor setting and offers flexibility. Available in blue/white or green/white.

### Corner Curtains

Made of 100% polyester fabric offering a formal look to your canopy. Also fire and water-resistant and meets safety standards. Ideally used for weddings, parties, corporate events and any outdoor event. Available in standard white color. Custom colors available upon request.

### Rain Gutters

Fit all 10' x 10' frames and are made of polyester offering more protection from inclement weather and outdoor elements. Easily attaches between two canopies. Rain gutters can be used in multiple use settings and offers added protection. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Premium Roller Bag

Our reinforced design allows for smooth transporting of your canopy with a fully padded 500 denier polyester fabric. Equipped with additional carry handles and storage pockets, transporting your canopy just got easier to roll or carry to your favorite outdoor location.

### Commercial Roller Bag

Constructed of 100% polyester fabric and offers the ultimate protection for transporting your canopy. Durable foam padded with convenient storage capabilities, the commercial roller bag makes rolling effortless. Cinch straps and drawstring opening tailor the bag for a perfect fit always.

### Deluxe Weight Bag

Made to hold up to 20 lbs. of rock, sand or dirt, the Caravan deluxe weight bag offers greater security for outdoor canopy use. Quickly attaches to each leg with tension release clips and may be used on all surfaces. Four bags are included in a set, one for each canopy leg.

### Premium Weight Bag

Secures easily to the canopy leg with Velcro attachment for greater security for outdoor canopy use. Reinforced with durable 500 denier polyester fabric, the premium weight bag holds up to 25 lbs. of rock, sand or dirt and may be used on all surfaces. Four bags are included in a set, one for each canopy leg.

### Table and Carry Bag

Made of 100% polyester in 4', 6', 8' or 12' sizes of water and flame resistant durable fabric. All carry bags are equipped with a durable adjustable shoulder strap and reinforced handles for ease of use and transporting. Comes with an optional folding table to complete your accessory package. Custom colors available upon request.

### Flag Pole

Made from a durable PVC material and reinforced tubing, our flag pole withstands the harshest of inclement weather conditions. Each flagpole is a standard 8' length and extends up to 22' in height for visibility from afar.

### Commercial Stake Kit

Protect your Caravan Canopy with heavy duty metal stakes. Quickly attaches to each leg with tension release clips and used on surfaces like sand or soft dirt. Great security for use in breezy and unpredictable weather. Four stakes are included in a set, one for each canopy leg.

## Custom Graphic Options

Caravan Canopy maintains a full-service graphics department to help you turn your Caravan Canopy into an expressive promotional tool.

With hundreds of available fabric color combinations, silkscreen printing, and digital color image reproduction, Caravan custom graphics can take our canopy and your promotional identity and weave them into a first class exhibit. All aspects of production are handled in-house to allow for the highest quality control and to guarantee your project's confidentiality.

When your customized canopy top is combined with the strength of Caravan's full truss frame, years of dependable service will result. For further questions, comments or requests, contact our sales department at 877-922-6679 or 310-223-4467, [www.caravancanopy.com](http://www.caravancanopy.com).

### Side Walls

Made of 100% polyester or polyethylene fabric offering more protection and privacy. All sidewalls are fire and water retardant that meet safety standards. These easily attach with velcro® fasteners as well as zippers on the edges allowing walls to zip side walls together. Available in standard colors: white, blue, green, red. ### Velcro Banners

Allows maximum flexibility and unlimited options for your instant canopy. Fastens with velcro® ribbon onto the canopy with ease. Your message appears on the valance, allowing you to apply and remove branding information in seconds. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Canopy Bands

Bands are sewn on all four corners, and slip easily over the existing valance applying instant branding information and impact. Bands are ideal for corporate events, trade shows and all advertising signage. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Sky Flags

Sky flags are made of 100% polyester fabric and provide for an instant visibility from far away. Easily fits onto our PVC flag pole and attaches to your Caravan Canopy for unlimited exposure. Perfect for outdoor corporate events, demos or trade shows. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Roto Flags

Made with a unique eye-catching polyester fabric and equipped with lightweight aluminum tubing and mounted brackets, the roto flags provide for instant visibility from far away. Perfect for outdoor corporate events, demos or trade shows. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Instant Signs

This entire display unit retracts into an aluminum base, which fits into a small "carry-on" sized nylon bag for easy transporting. Durable, as well as quick and easy to use, our instant signs are a cost-effective way to communicate your message. Instant signs are ideal for corporate events, trade shows and all advertising signage. Available in standard colors: white, blue, green, red. Custom colors available upon request.

### Table Covers

Made of 100% polyester in 4', 6', 8' or 12' sizes of water and flame resistant durable fabric. Table covers can be customized to match your canopy package and are perfect for use at exhibits, trade shows and corporate events. Available in standard colors: white, blue, green, red. Custom colors available upon request.
